**Protecting and Preserving
Biological Diversity Through Responsible
Stewardship of Brevard County's
Natural Resources**

The EEL Vision

The Environmentally Endangered Lands Program acquires, protects and maintains environmentally endangered lands guided by scientific principles for conservation and the best available practices for resource stewardship and ecosystem management. The EEL Program protects the rich biological diversity of Brevard County for future generations.

The EEL Program provides passive recreation and environmental education opportunities to Brevard's citizens and visitors without detracting from the primary conservation goals of the program.

The EEL Program encourages active citizen participation and community involvement.

Why Volunteer?

- 🌿 Help preserve the rich biological diversity of Brevard County's natural resources
- 🌿 Get actively involved in your community
- 🌿 Do satisfying work and make new friends
- 🌿 Contribute your talents and skills
- 🌿 Make a Difference!

Make A Difference

The Environmentally Endangered Lands (EEL) Program actively seeks input and expertise from citizens of diverse backgrounds and individuals with disabilities in the design, development and ongoing expansion of sanctuary access, educational opportunities and day-to-day operations.

Volunteers receive training and support from a dedicated staff and a wide range of experts from the community. Our goal is to provide you with the knowledge and skills to make your volunteer experience positive and rewarding.

Your valuable contribution to the EEL Program makes a significant impact on the preservation of Brevard County's natural resources for today's citizens and future generations.
